MONTHLY TREATMENT

There is one Infinite Mind of which I am a perfect expression. My life reflects the life of Spirit and Its creative process, therefore my thinking creates my experience. This is Life and the way Life works.

Every New Year brings new possibilities for greater enjoyment of life and I welcome this New Year as my opportunity to create a better experience of life.

My every thought and action reflects willingness to accept Spirit’s creative action in wonderful and more interesting ways. This means perfect health, prosperity, love and complete self-expression.

With gratitude to the power within me I release this treatment, knowing it is already bringing together everything necessary to produce the new good that I desire. And so it is.

Rev. Michael Sternlieb

**GOD IS
(Words and music by Karen Drucker)**

God is life and I am life. God is life and I am life.
God is light and I am light. God is light and I am light.
God is joy and I am joy. God is joy and I am joy.
God is love and I am love. God is love and I am love.

God is peace and I am peace. God is peace and I am peace.
God is beauty and I am beauty. God is beauty and I am beauty.
God is power and I am power. God is power and I am power.
God is good yes God is good. God is good yes God is

All these things God is. All these things I am.
All these things God is. All these things I am.
All these things God is. All these things I am.
All these things God is. All these things I am. God is good.

AFFIRMATION AT THE OFFERING

DECLARATION OF PRINCIPLES

“WHAT WE BELIEVE” by DR. ERNEST HOLMES

- We believe in God, the Living Spirit Almighty; one, indestructible, absolute, and self-existent Cause. This One manifests itself in and through all creation but is not absorbed by its creation. The manifest universe is the body of God; it is the theological and necessary outcome of the infinite self-knowingness of God.
- We believe in the incarnation of the Spirit in everyone and that all people are incarnations of the One Spirit.
- We believe in the eternality, the immortality, and the continuity of the individual soul, forever and ever expanding.
- We believe that the Kingdom of Heaven is within us and that we experience this Kingdom to the degree that we become conscious of it.
- We believe the ultimate goal to be a complete emancipation from all discord of every nature, and that this goal is sure to be attained by all.
- We believe in the unity of all life, and that the highest God and the innermost God is one God.
- We believe that God is personal to all who feel this Indwelling Presence.
- We believe in the direct revelation of Truth through the intuitive and spiritual nature of the individual, and that any person may become a revealer of Truth who lives in close contact with the Indwelling God.
- We believe that the Universal Spirit, which is God, operates through a Universal Mind, which is the Law of God; and that we are surrounded by this Creative Mind which receives the direct impress of our thought and acts upon it.
- We believe in the healing of the sick through the power of this Mind.
- We believe in the control of conditions through the power of this Mind.
- We believe in the Eternal Goodness, the Eternal Loving-Kindness, and the Eternal Givingness of Life to all.
- We believe in our own soul, our own spirit, and our own destiny; for we understand that the life of all is God.
